

## **Know A Young Volunteer With High Education Dreams? Buick Achievers Scholarship Program Can Help!**

Do you know a high school senior, recent graduate or undergraduate college student who is committed to service and volunteerism? Could they use a scholarship to support their secondary education dreams? The Buick Achievers Scholarship Program, funded by the General Motors Foundation, will help make those dreams come true by awarding \$4.5 million to more than 1,000 students in the 2012-2013 school year.

The Buick Achievers Scholarship Program rewards students who have succeeded both inside and outside of the classroom and who may not be able to attend college without financial assistance. In addition to financial need and academic achievement, community service is a consideration of each student's application as they seek to find young people who are committed to making a difference in our world. The program provides 100 students with up to \$25,000 a year, renewable for four years, and an additional 1,000 students with a one-time award of \$2,000.

Buick and the General Motors Foundation encourage students to apply who will be:

- Enrolled full-time at a 4-year college or university in 2012-2013.
- Majoring in Science, Technology, Engineering, Math, Business Administration, Finance, Marketing or Design.
- Interested in pursuing a career in the automotive or related industries.

Information and applications are available at [www.buickachievers.com](http://www.buickachievers.com). Applications will be accepted through Feb. 29, 2012, and scholarships will be awarded in Spring of 2012 for the 2012-2013 academic year.
